Missoula County Outdoor Burning to be CLOSED as of July 1st

June 27th 2017, Missoula, Montana – Fire officials with the Missoula County Fire Protection Association (MCFPA) have restricted debris burning (open burning) starting Saturday July 1st.

The weather forecast calls for continued hot dry days with temperatures in the high 80's and mid 90's this week and next. People who burned this spring should go check on their piles to make sure they are fully extinguished. While there are no other restrictions at this time, we urge people to be careful with fires and double check before recreating in Montana. Visit www.firerestrictions.us for more information.

REMEMBER- Fireworks are prohibited on all state and federal classified forest lands. Wildfire season is here. Be **"Fire Safe"** and do your part to prevent wildfires in Montana. Have a Fire Safe July 4th!

The MCFPA would like to thank the residents of Missoula County for being cautious while enjoying the outdoors and appreciate your cooperation. Find more on the web at: www.mcfpa.org and like us on Facebook for instant updates throughout the week.
